

MARIO MAYERLE FILHO

mariomayerlefilho@live.com

Professional presentation:

Mario has more than 20 years of IT experience. Self-learning since 11 years-old when earned his first computer. Professional dynamic, creative, innovative and focused. Extremely determined to get results and dedicated to work. Easy to adapt. Has 2 open source solutions, proactively developed, and invited to be patented and registered at the Open Invention Network in New York - USA (an association for open source patents). Solutions are available for free download. These solutions do not generate income because they are open source.

He has worked on major projects and has already taken on major responsibilities. He worked or advised large companies and multinationals such as TodoBPO, CONTAX, Telefônica, Claro, Oi, Vivo, Nuance, Caixa Econômica Federal, Bank of Pará, Itaú, Urmet Daruma, among others.

ITCERTS certified professional in ITC-021- DevOps Essentials certification.

ITCERTS certified professional in ITC-006 - InfoSec Foundation certification.

Regards,

Mario Mayerle Filho
